Mr. Jerry Falbo
Acting President, Logan Airport Community Advisory Committee (CAC)
80 Jefferson Street
Winthrop, MA 02152

Dear Mr. Falbo:

Attached is a Memorandum prepared by Ricondo & Associates that includes comments on the Independent Consultant's suggestions related to the CAC goals and objectives for the Boston Logan Airport Noise Study (BLANS). We are providing this in response to CAC's request at the February 25, 2009, BLANS mini-summit.

The Memorandum reflects FAA input. We support the content for further discussion at our March 16th mini-summit continuation meeting at Massport.

Please contact me if you have any further questions.

Sincerely,

Original Signed By

Terry English
Project Manager, Boston Logan Airport Noise Study
